This table shows the money you could get back or pay over the recommended holding period, under different scenarios, assuming a nominal value of GBP10,000. The scenarios shown illustrate how your investment could perform. You can compare them with the scenarios of other products. The scenarios presented are an estimate of future performance based on evidence from the past on how the value of this investment varies, and are not an exact indicator. What you get will vary depending on how the market performs and how long you keep the investment/product. The stress scenario shows what you might get back in extreme market circumstances, and it does not take into account the situation where we are not able to pay you. This product cannot be ended. This means it is difficult to estimate how much you would get if you end before the end of the recommended holding period. You will either be unable to end early or you will have to pay high costs or make a large loss if you do so. The figures shown include all the costs of the product itself, the figures do not take into account your personal tax situation, which may also affect how much you get back. In the event of a default by CCD, you may suffer a financial loss. In the event of such loss, you will not be entitled to claim compensation from the Jersey Depositors Compensation Scheme, (the "Scheme") or any other investor compensation from the Jersey Depositors Compensation Scheme, (the "Scheme") or any

What are the costs?	The Reduction in Yield (RIY) shows what impact the total costs you pay will have on the performance of the product. The total costs take into account one-off, ongoing and incidental costs. The amounts shown here are cumulative costs of the product itself, over the recommended holding period. They include potential early exit penalties. The figures assume a nominal value of GBP10,000. The figures are estimates and may change in the future.						
	Costs over time:	The person selling you or advising you about this product may charge you other costs If so, this person will provide you with information about these costs, and show you the impact that all costs will have on your investment over time.					
		Notional Amount: GBP10,000					
		Scenarios			If you end at the end of the recommended holding period		
		Total costs			GBP100		
		Impact on I	return (RIY) per ye	ar	1%		
	Composition of costs:	<ul> <li>The table below shows:</li> <li>The impact each year of the different types of costs on the performance of the product at the end of the recommended holding period;</li> <li>The meaning of the different cost categories;</li> </ul>					
		This table :	shows the impact of	on return	for period		
		One-off costs	Entry Costs	1%	The impact of the costs already included in the price. This is the most you will pay, and you could pay less.		
			Exit costs	0%	The impact of the costs of exiting your investment when it matures. See section recommended holding period below for the impact of the costs to terminate the investment prior to its <b>recommended</b> <b>holding period</b> .		
		Ongoing costs	Portfolio transaction costs	N/A	The impact of the costs of us buying and selling underlying investments for the product.		
			Other ongoing costs	N/A	The impact of the costs that we take each year for managing your investment.		
		Incidental costs	Performance fees	N/A	The impact of the performance fee that we take if the product outperforms its benchmark.		
			Carried interests	N/A	The impact of carried interests that we take when the investment has performed better than specified benchmark.		
How long should	Recommended holding	period: 21/0	6/2019		·		
I hold it and can I take money out early?	Recommended holding period: 21/06/2019 This product is designed to be held until the end of the recommended holding period, which will be set out in a confirmation for this product, and it is not a product which can be transferred or terminated without our conse Early termination may occur in the event of a default or disruption situation, or if you and CCD agree in CCD's discretion for it to be terminated early, in which case, you may have to pay breakage costs. These will be calculated by reference to prevailing market conditions and include costs incurred by us in terminating any relati- financial instrument or trading position. Please note that such break costs may be substantial. Unless set out in the Exit costs table above, we do not charge any other additional costs or charges.						
How can I complain?	If you would like to lodge a complaint about this product or the conduct of CCD or any of its employees, in manufacturing or selling this product, please raise it in the first instance with your usual contact. Complaints regarding this product or the conduct of CCD or any of its employees can be submitted in writing to: Compliance Department, P.O. Box 64, Royal Bank House, 71 Bath Street, St. Helier, Jersey JE4 8PJ, by emailing jsyfxteam@rbsint.com or by telephone on +44 (0) 1534 285 200. A copy of our internal complaints handling procedure is available on our website www.couttscrowndependencies.com/important- information.html and on request. If you are still not satisfied after following our complaints handling procedure, you may subsequently be entitled to complain directly in writing to the Channel Islands Financial Ombudsman (CIFI) online at www.ci-fo.org or telephone +44 (0)1534 748610.						
Other relevant information	The full terms and conditions of the product are set out in the confirmation, as supplemented and amended by the applicable terms of the CCD Foreign Currency Forward Exchange Facility (Jersey) Application Form and General Terms and Conditions (Personal) or (Non Personal) as the case maybe. These documents can be provided on your request.
